

Summer 2017 GCSE core subject exams

The following dates show *core subjects only* (i.e. exams all Year 11 students will complete), in addition students will have exams for each of their optional subjects.

All students are given their 'Statement of Entry' (SOE) towards the end of February every year; it is personal to the individual student and confirms the date, start time and duration for each exam, a few weeks after receiving their SOE, students will receive their final timetable, which will confirm all the same information as the SOE but the timetable will include the exam room and seat number for each exam.

Note: 1. exam durations quoted are the 'standard' time allocated for the exam, SEN students will have different durations specific to their arrangement. 2. When looking for the exam duration for GCSE English Language exams, make sure you have the 'right' English Language, because Year 11 students are taking different exams from the Years 12 and 13; to be sure check the 'Yr. Grp.' column for the line you are looking at.

Tuesday	16th	May	PM	Biology	11	unit 1	1 hour	
Thursday	18th	May	AM	Chemistry	11	unit 1	1 hour	
Friday	19th	May	PM	P.E.	11	unit 1	1hr 30
